# About the Program

The Program is aimed at training foreign specialists, willing to solve complex legal issues that arise in the field of international commerce

The program focuses on the most important areas of regulation of international commercial relations

Special attention is paid to preparing students for consulting, business writing, and establishing effective professional communication

# The Program focuses on:

## International commerce

International contracts, dispute resolution, foreign investments

## Private international law issues

Family law matters, torts, recognition of foreign judgements etc.

# During the study you will learn

How to choose the applicable law and dispute resolution method to an international contract?

How to structure mergers and acquisitions?

How to pierce the "corporate" veil of a foreign company?

What is "deoffshorization" and how is it carried out?

How to marry and divorce a foreigner?

What is a trust and how to arrange an inheritance abroad?

How do sanctions affect the performance of international contracts?
